

# Studio XX

Femmes + Art + Technologie + Société | Women + Art + Technology + Society

Fondé en 1996 à Montréal, le Studio XX est un centre d'artistes féministe bilingue engagé dans l'exploration, la création, la diffusion et la réflexion critique en art technologique.

Le Studio XX vise à mettre de l'avant la multiplicité des territoires, des voix et des actions créatives des femmes dans les paysages technologiques contemporains à travers le monde. Il participe activement au développement d'une démocratie numérique qui encourage l'autonomie et la collaboration.

Le Studio XX soutient la production indépendante en arts médiatiques à travers les résidences d'artistes, les coproductions et projets spéciaux, la revue électronique .dpi, l'émission de radio XX Files, les salons Femmes br@nchées, le festival HTMLles, les commandes d'œuvres, les ateliers de formation professionnelle et l'accès à son laboratoire de logiciels libres (Open Source).

En 2008, le Studio lancait Matricules : l'une des plus grandes archives en ligne au monde d'art numérique créé par les femmes.

Founded in 1996, Montreal-based Studio XX is a bilingual feminist artist-run centre for technological exploration, creation and critique.

Studio XX's mandate focuses on enabling the creative actions and perspectives of women at the forefront of contemporary technological landscapes and the development of a digital democracy that values autonomy and collaboration.

Studio XX supports the creation and dissemination of independent media art through its *Wired Women Salons*, commissions, co-productions, its online electronic journal .dpi, artist residencies, the weekly XX Files radio show, the HTMLles Festival, through professional development workshops and anytime access to its Open Source Lab.

In 2008, Studio XX launched *Matricules*: one of the world's largest online archives of women's digital artworks.

*A Meta Unified Women Salon presents a senior, often international, artist and is divided into two components: the artist shares her artistic practice and leads a group skill-sharing workshop.*

*JOURNAL d'ipi (dans le journal d'ipi) appears three times per year, incorporating both French and English content. The journal offers a fee for selected submissions.*

*The works produced during the residencies are presented to the public in programming events. Three residencies are offered per year. The submission deadline is in February.*

*Anytime access – upon reservation – to the Open Source Lab, with Mac and Linux Dualboot workstations. Opening Hours: Monday to Friday from 10:00 AM to 5:00 PM*

## Salon Femmes brinchées

[www.studiohk.org/femmesbranches](http://www.studiohk.org/femmesbranches)

Signature du Studio HK rassemblant autour du public des artistes, théoriciennes, commissaires et auteures, les salons Femmes brinchées comprennent des conférences, la présentation des travaux d'artistes issus de résidences, de performances et d'installations. Ces rencontres favorisent la promotion et la diffusion de créations actuelles des artistes d'art médiatique auprès du grand public. L'événement Méta Femmes brinchées a donné à lui deux volets : il présente un artiste de naissance, souvent en provenance de l'étranger, qui non seulement partage son travail, mais qui vient également donner un séminaire interactif à un petit groupe de participants pour transmettre son expérience et son expertise.

– A Studio HK signature event, the **Wired Women Salons** bring together artists, scholars, curators, writers and the public, Salons take the form of conferences, artist-talks, performances, exhibitions and installations. These gatherings support the promotion and dissemination of contemporary artworks by emerging and established media artists to the general public.

*A Meta Unified Women Salon presents a senior, often international, artist and is divided into two components: the artist shares her artistic practice and leads a group skill-sharing workshop.*

## dipi

[dipijournal.com](http://dipijournal.com)

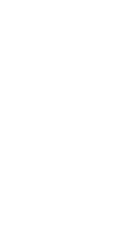

Les résidences du Studio HK offrent aux artistes la possibilité d'expérimenter et de créer de nouvelles œuvres. Le Studio HK veut donner aux femmes toutes les clés pour utiliser les nouvelles technologies à travers des ateliers de développement de projets, de traitement numérique du son, de sites Web, d'photographie, de programmation, d'animation 3D, de récits numériques et plus encore. Nos ateliers utilisent la transmission d'une expertise, d'un savoir et aussi le plaisir de créer. Avec une offre de cours variée selon l'évolution des technologies intensives, l'offre de cours varie selon l'évolution des technologies ainsi que les besoins des artistes et des membres de tous horizons. Le Studio HK peut offrir un cours sur mesure selon les propos des membres.

– Studio HK's online journal **dipi** is an alternative platform for creative, critical and socially engaged exchange regarding women and technology. **dipi** is an interdisciplinary forum for feminist reflection and communication on contemporary artistic and technological practices. The publication is overseen by a diverse editorial committee and encourages submissions from theorists, practitioners, activists, curators, interactive designers and

*readers worldwide. **dipi** ("dans le journal") appears three times per year, incorporating both French and English content. The journal offers a fee for selected submissions.*

## HTMLles Festival

[www.htmlles.net](http://www.htmlles.net)

Le Studio HK peut offrir un cours sur mesure selon les propos des membres.

– Studio HK's residencies offer artists opportunities to experiment and create new works. The Studio favors interdisciplinary approaches and maintains a network of experts capable of responding to the requirements of its resident artists, on technical, creative and theoretical levels. For a period of eight weeks, resident artists have access to a private work-space and a computer suited to a wide range of media projects. Residents receive an artist fee, a budget for instructors/collaborators and enjoy free access to all Studio HK workshops and equipment.

*The works produced during the residencies are presented to the public in programming events. Three residencies are offered per year. The submission deadline is in February.*
