After more than a year in the organization, [Orphée Russell](#) is finishing his internship at Ada X! We thank him warmly for all the work he has done in our archives. We are also pleased to welcome two new interns, [Becca McKay](#) in Communications and [Carolina Larossa](#) in Programming.

This month, don't miss [Aarati Akkapeddi](#)'s residency presentation on Friday, June 18th! We are also offering a [portfolio review session](#) for our members on June 23rd. Not a member yet? [Click here](#). We will then close our doors to the public on June 23rd for the summer.

workshop

FEEDBACK PLEASE: Portfolio Review
Tuesday, June 22nd, 6 pm – 8 pm
Free for Ada X members
⇓ Online

Are you an artist interested in media arts and digital culture? Would you like to have critical feedback on your portfolio? And feel more guided in your approach? Are you lacking resources or technical skills to complete a project? We want to hear from you!

For a third year, Ada X is offering its members a free consultation with professionals from the cultural sector. Come and introduce yourself, tell us about your projects, and share the difficulties you encounter in the realization of your artistic projects. Each artist will be invited to make a short presentation of their work, before receiving feedback from the other participants. Two members of Ada X's programming committee with an expertise in Web art, Gina Cortopassi and Ruby Thelot, and a member of Ada X's team will be present at the event. Don't miss out on this opportunity to meet the other members of the centre!

presentation + discussion

Memory Work: Conversation between Aarati Akkapeddi and Angelina Ruiz
Friday, June 18th, 12 pm – 1 pm
⇓ Online | Register at [this link](#)

Aarati Akkapeddi will present the work that they've developed during their residency at Ada X. Using their family archives as training data for Generative Adversarial Networks, Akkapeddi produced a series of image and video-based work, conveying the fluidity of collective and personal memory. The presentation will be followed by a conversation with Angelina Ruiz.
