# STUDIO

+ feminisms  
+ arts  
+ technology  
+ society

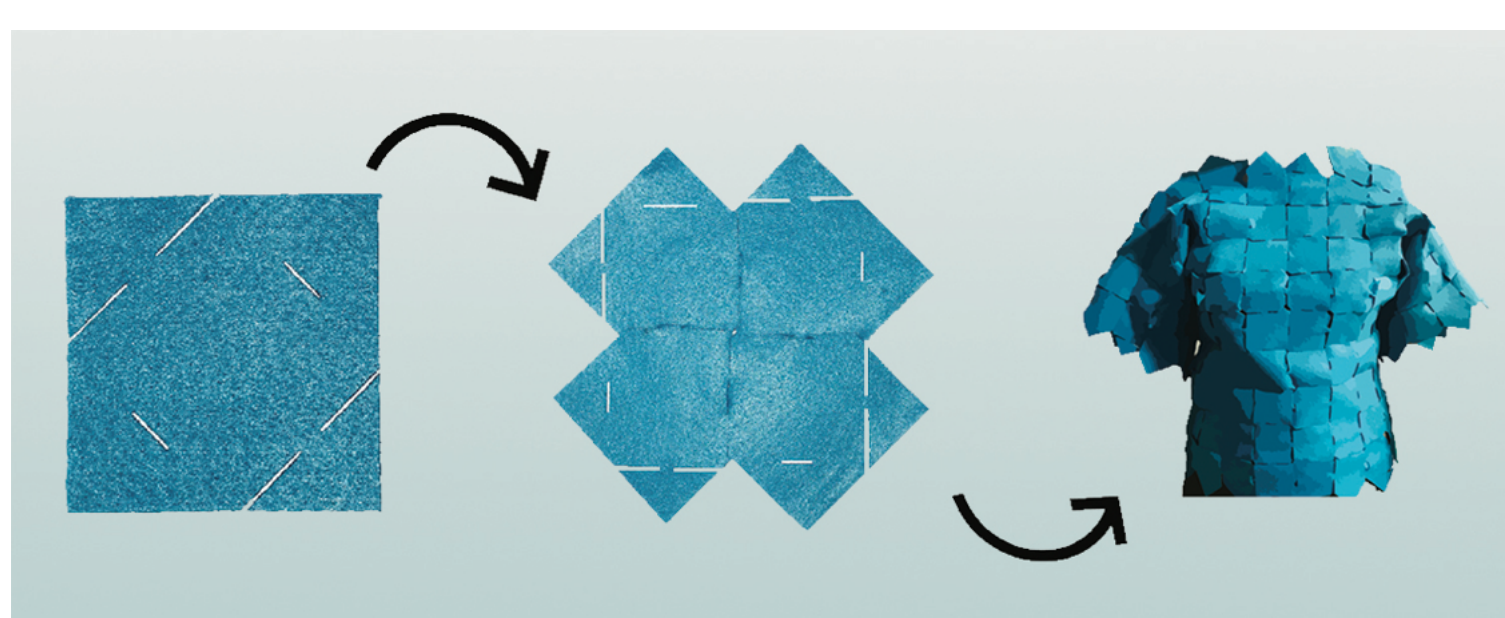

We regularly acquire new equipment to meet the needs of our members. We've got a Nikon 360 camera, Oculus Go VR kits, DJ mixer XONE 23:C and a Roland HD Video switcher to name a few.

Do you need a place to work, use Adobe software, or do you just want to get involved in the life of the centre?

## slow tech

Our [Slow Tech](#) programming continues! From September 2019 to July 2022, Studio XX slows down and supports practices exploring our relationship to technologies, others, time and the environment.

### WORKSHOP

**Design Your Own Wearable E-Textiles | Lee Jones**

**Thursday, October 24 + Friday October 25**

**5:30 pm – 8:30 pm**

**At Studio XX**

In this workshop, you will learn about the use of electronic textiles and smart clothing through a combination of artisanal and electronic techniques.

### EDUCATIONAL ACTIVITIES

Since the beginning of the school year, Studio XX has already facilitated more than a dozen youth workshops in Montreal and the regions!

Last week, we presented two workshops for young people at the [NUM Festival : Animation and Digital Patterns](#), as well as [3D Printing](#) in collaboration with the [FabLab du PEC](#).

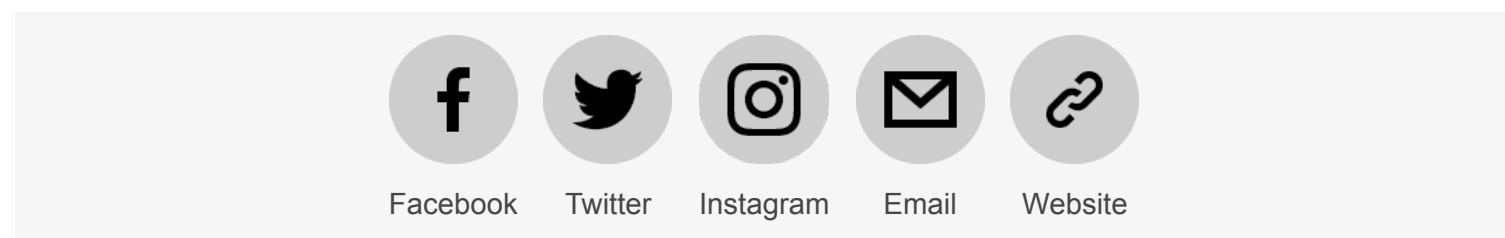

We launched The Currents ([Les courants](#)), a new introductory digital arts program! For two years, we are inviting artists to adapt their practice in the form of a digital arts workshop in Rivière-des-Prairies.

Here's a look at the first workshop in the series with artist Katherine Melançon ↴
