# STUDIO

FEMINISMS + ART + TECHNOLOGY + SOCIETY

*Good morning! Have a look at today's programming.*

[Collaboration and resistance: towards a network of feminist festivals in media arts](#)

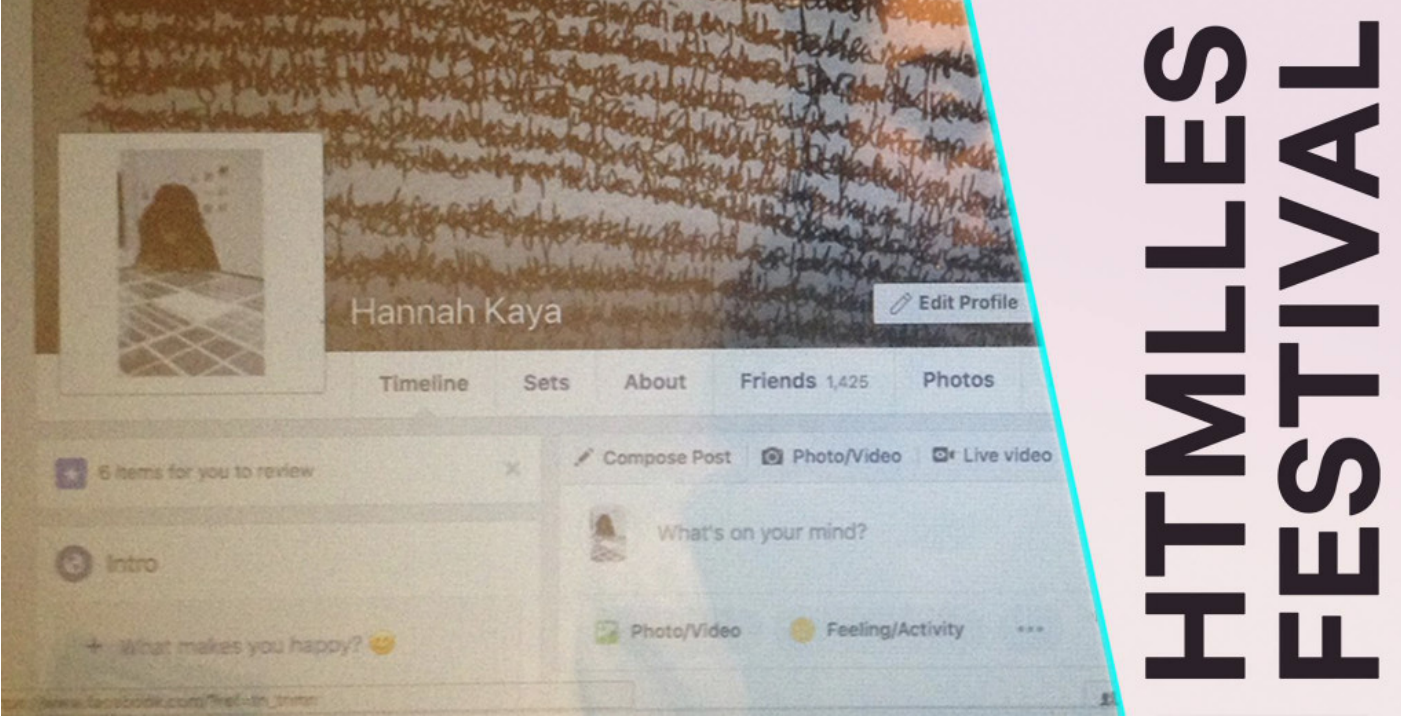

**1pm–2:30pm:** Discussion @ OBORO

4001, rue Berri

[Facebook Event](#)

How to set up a critical and collaborative network for a better representation of feminist communities in the media arts industries? Studio XX / HTMLles Festival invites curators Lola Martinez ([REFRESH](#), New York) and Stéphanie Pécourt ([Nova XX](#), Brussels) to talk about the various issues related to the specific mandates of the three festivals.

The discussion will be moderated by Michelle Lacombe ([VIVAL Art Action](#)).

[A cull to — | Hannah Kaya](#)

**1pm–5pm:** Beginning of a 24h long performance @ Studio XX. Also visible [online](#).

4001, rue Berri

[Facebook Event](#)

This process-based and durational piece proposes acts of (re)poesis as a strategy for self-healing. Using only the words present in two textual accounts of a traumatic incident, the artist will create a third “new” text. The artist will live and sleep with the text in the festival space in a methodical and ritualistic process of reciprocal re-making.

[Longterm Longtable | AASK Montreal](#)

**4pm–6pm:** Public discussion/performance @ Feminist Media Studio

7141, Sherbrooke W, CJ Building # 2.130, Concordia University

[Facebook Event](#)

*Longterm Longtable* is a community discussion series centered around three topics: accessibility, accountability, and call-out culture. Going beyond the hashtag, both the format and content (suggested questions and invited guests) will set the table to explore the success of #MeToo in activating social change and its failure to adequately account for race, class, ability, and gender diversity in enabling survivors to demand accountability from communities in which they participate.

[She is | Angeline Meitzler](#)

@ Feminist Media Studio: November 1st, 2018 to January, 31st

Online at [feministmediastudio.ca](http://feministmediastudio.ca): November 1st, 2018 to December, 31st

She is is a visual art piece that resides on the web. The content was created using the first 100 tweets that contained the hashtag #azizansari shortly after the article about the actor/comedian Aziz Ansari was published. As the selected tweets interact on the browser, they begin to create a conversation amongst themselves as we read the opinions of others.

[Love Songs to Failure | Alejandro Sajgalik + Nina Vroemen](#)

**7pm:** Performance @ Studio 303

372, rue Sainte-Catherine W.

[Facebook Event](#)

“Let’s just be friends” is typically the chorus of failed love. But for Sajgalik and Vroemen, this statement is the source! They are redefining the love song as something that doesn’t limit itself to normative romance, allowing it to become an ode to failure. The work aims to create love songs that celebrate friendship as a radical alliance.
