TEAM NOTES

Studio XX is thrilled to announce the appointment of **Erandy Vergara** as the new Programming Coordinator of Studio XX starting on September 1, 2015! Erandy is an independent curator whose research interests include contemporary and media art, feminism, global art histories, Latin American art, curatorial studies, postcolonialism and critical race studies. Her experience will enrich and power the programming at Studio XX. We look forward with anticipation to this next chapter.

We are also delighted to announce the three artists-in-residence for the 2015-2016 season:

- Shayla Chilik et Kristin Li (Montreal / open residency)
- Daniella Ben-Bassat (USA / open residency)
- Fernanda Shirakawa and Laura Sobenes (Mexico / virtual residency)

Visit the Matricules Archives to see [photos](#) and [video](#) of our most recent artist in residence, **alaska B.**

Studio XX is saying goodbye to our longtime bookkeeper **Mel Cuffey**, who has been an integral part of the team for over six years. *Mel* guided us through some very challenging financial situations and we are in strong fiscal standing because of her work. She will be missed; the team and the board wish her all the very best as she continues her studies into the complexities of accounting.

The Studio ended the 2014-2015 season with last week's launch of [.dpl 32 Queer Networks](#) and we will be closed from now until September 1st, 2015. Sincere thanks to the artists, curators, professors, partners, volunteers, committee members, HTMLes and .dpl teams, all of our members, our funders-- in short, to everyone who contributed to a stellar year at Studio XX! We wish you a inspiring and creative summer, and look forward to seeing you in the fall.

CONVOI PROJECT: LES POULPES

Pour le projet Convoi, Andrée-Anne Giguère, Elaine Juteau et Anick Marte, membres du collectif, partent en train à travers le Québec, les Maritimes et l'Ontario. Elles utilisent la gare comme un espace à investir le temps d'un arrêt, le temps d'une performance ou pour une nuit... À chaque arrêt possible, une action performative se déployant du train à la gare.

Tout au long du trajet le collectif interdisciplinaire s'allie à différents partenaires artistiques - centres d'artistes et organismes culturels- et leurs demandent de s'investir d'une mission à la gare : leur offrir un petit objet pour constituer peu à peu leur précieux convoi.

Studio XX met Les Poulpes at the train station on June 22, 9:15 AM with a special delivery...
