THE HTMLLES FESTIVAL 12 UNVEILS ITS PROGRAM !

FEMINIST FESTIVAL OF MEDIA ARTS + DIGITAL CULTURE

MONTREAL, THURSDAY, SEPTEMBER 15TH 2016

Studio XX is pleased to present the official program of the 12th edition of [The HTMLles Festival](#), November 3 > 6 in Montreal, with the theme: **TERMS OF PRIVACY / CONDITIONS DE CONFIDENTIALITÉ**.

The 12th edition, The HTMLles Festival features projects that examine personal and interpersonal dynamics of privacy in this era of overexposure and hypervisibility. Through exhibitions, discussions, performances, and workshops, the festival explores how our collective and personal practices and thoughts can become the means to define the terms of privacy and intimacy. **The HTMLles 12: Terms of Privacy** brings together more than 40 artists, scholars, and activists passionate about critically engaging new technologies from feminists perspectives. Among the central themes are: forbidden desires; online spectacles of the body and the soul; actions of counter-surveillance; queer and feminist tactics to regain and/or totally lose control; as well as projects exploring risks, rewards, and pleasures of intimacy and exposure.
